

In the Claims

1. (currently amended) A toy comprising at least one cutout having an at least partially printed surface, said printed surface at least partially covered by an at least semi-transparent sticky pressure-sensitive adhesive layer for releasably adhering accessories, wherein said sticky layer is washable such that when washed and allowed to dry, said sticky pressure-sensitive adhesive layer substantially returns to an initial stickiness adhesiveness.
2. (original) The toy of claim 1, wherein said cutout is a figure and said printed surface displays an image of said figure.
3. (original) The toy of claim 2, wherein said figure is a teddy bear.
4. (currently amended) The toy of claim 1, wherein said printed surface is completely covered by said sticky pressure-sensitive adhesive layer.
5. (currently amended) The toy of claim 1, wherein portions of said printed surface are covered by said sticky pressure-sensitive adhesive layer.
6. (original) The toy of claim 1, comprising a multiplicity of cutouts.
7. (original) The toy of claim 1, wherein said accessories relate to said printed surface.
8. (original) The toy of claim 1, wherein said accessories relate to a common theme.

9. (currently amended) A toy comprising a cutout having an at least partially printed surface, said printed surface completely covered by an at least semi-transparent sticky pressure-sensitive adhesive layer for releasably adhering accessories related to said printed surface, wherein said sticky pressure-sensitive adhesive layer is washable such that when washed and allowed to dry, said sticky pressure-sensitive adhesive layer substantially returns to an initial stickiness adhesiveness.

10. (original) The toy of claim 9, wherein said cutout is a figure and said printed surface depicts an image of said figure.

11. (original) The toy of claim 10, wherein said figure is a teddy bear.

12. (original) The toy of claim 9, wherein said accessories relate to a common theme.

13. (currently amended) An activity board comprising a cutout having a surface at least partially covered by an at least semi-transparent sticky pressure-sensitive adhesive layer for releasably adhering accessories, wherein said sticky pressure-sensitive adhesive layer is washable such that when washed and allowed to dry, said sticky pressure-sensitive adhesive layer substantially returns to an initial stickiness adhesiveness.

14. (original) The activity board of claim 13, wherein said surface is at least partially printed.

15. (original) The activity board of claim 13, wherein said accessories relate to said printed surface.

16. (original) The activity board of claim 13, wherein said accessories relate to a common theme.

17. (currently amended) A book comprising at least one cutout having an at least partially printed surface, said printed surface at least partially covered by an at least semi-transparent ~~sticky~~ pressure-sensitive adhesive layer for releasably adhering accessories wherein said ~~sticky~~ pressure-sensitive adhesive layer is washable such that when washed and allowed to dry, said ~~sticky~~ pressure-sensitive adhesive layer substantially returns to an initial ~~stickiness~~ adhesiveness.

18. (original) The book of claim 17, wherein said accessories relate to a common theme.

19. (original) The book of claim 17, wherein said accessories relate to said printed surface.
